情報理工学位プログラム博士後期課程
Doctoral Program in Computer Science

社会人のための博士後期課程早期修了プログラム
Early Completion Doctoral Program for Working People

早期修了プログラム実施委員会・佐野 良夫
ECDP Implementation Committee・Yoshio SANO

修了要件と単位履修について
Completion Requirements and Course Credits

修了要件と単位の履修
Completion Requirements and Credit Acquisition

- ✓ 修了要件は一般の学生と同じ
  Graduation requirements are the same as for regular students
  - ✓ **必修科目 8 単位** + **選択科目 2 単位以上**
    Completion of at least **8 required credits** and **2 or more elective credits**
  - ✓ 学位論文審査と最終試験に合格
    Passing the PhD thesis review and final defense

- ✓ 平均在籍年数 3 年 → 1 年
  Average enrollment period of 3 years in CS regular program
  → 1 year in CS early completion doctoral program

単位履修（必修科目 8 単位）
Coursework (Required Subjects of 8 Credits)

- ✓ **0BLD504**（6 単位 / 6 credits）
  情報理工後期特別研究 / Research in Computer Science
  - ✓ 論文作成，研究室のゼミ等
    Writing research papers, participating in laboratory seminars, etc.
- ✓ **0BLD505**（2 単位 / 2 credits）
  情報理工後期特別演習A / Computer Science Seminar A
  - ✓ 研究進捗について約 2 ヶ月毎にレポートを提出
    Need to report on research progress approximately every two months.
  - ✓ 提出先は指導教員，様式は自由
    Submit the progress report to your supervisor. The format is free.
  - ✓ 事務からの提出指示などはないので要注意
    Note that there will be no submission instructions from the administrative office.

- ✓ 研究の進め方，論文・レポートの作成方法などは，指導教員と相談して決める
  Please consult with your supervisor regarding research strategies, report writing, thesis preparation, and related topics.

単位履修（選択科目２単位以上）
Coursework (Elective Subjects of 2 or More Credits)

- ✓ **0BLD514**（２単位 / 2 credits）
  情報理工分野横断後期特別演習 / Cross-Disciplinary Seminar in Computer Science
  - ✓ CS研究セミナーにおける研究内容の概要を英語で発表（10分発表，15分質疑応答）
    Present your research overview in English at CS research seminar
    (10-minute presentation, followed by a 15-minute Q&A session)
  - ✓ 他の学生の発表を聴講し，それに対して質疑応答
    Attend other students' presentations and engage in Q&A sessions.
  - ✓ 原則として **0BLD514** を履修ください
    Please take **0BLD514** as a general rule
- ✓ **0BLD506**（２単位 / 2 credits）
  情報理工後期演習B / Computer Science Seminar B
  - ✓ **0BLD514** が履修できない場合，指導教員と相談の後で **0BLD506**を履修ください
    If you can not take **0BLD514**,
    please register **0BLD506** to TWINS after consulting with your academic advisor
- ✓ もしくは，学位プログラム科目群（情報理工学位Ｐ）の他専門科目
  If else, other elective courses in Doctoral Program in Computer Science

単位履修（その他）
Credit Registration (Others)

- 履修登録前に指導教員の許可を得られた場合，次の単位を課程修了に必要な単位に含められる
  If you can obtain permission from your supervisor before registering for courses, you can include credits earned in the following courses towards the required credits for program completion:
  - 研究群共通科目群（博士後期課程）の科目
    / Common course subjects for the doctoral degree program
  - 博士前期課程の科目
    / Course subjects for the master's program
  - 他研究群開設科目
    / Courses offered by other degree programs
  - 学術院共通専門基盤科目
    / Common specialized subjects for the Graduate School of Science and Technology
  - 大学院共通科目
    / Common subjects for the graduate school

単位履修（その他）
Credit Registration (Others)

- ✓ 履修科目によっては申請に追加書類が要求される（例：他研究科開設科目の履修申請）
  申請に際し，シラバスや大学院便覧などよく参照すること
  Additional documents may be required for registration depending on the courses you take
  (Exp. application from for courses offered by other graduate schools)
- ✓ 修了要件に含めないなら，興味ある科目を自由に履修できる
  （博士前期課程，博士後期課程，筑波キャンパス，または東京キャンパスを問わない）
  ただし，受講制限に注意すること
  If you do not include the credit for your graduation requirements, you are free to register for any courses that interest you
  This applies to all courses, regardless of whether they are in the master's program, doctoral program, degree program, graduate school, Tsukuba campus, or Tokyo campus
  Then, make sure to carefully check the syllabus and graduate school handbook when applying for courses
  Please take care of any enrollment restrictions for the courses

中間審査・予備審査・最終審査
Midterm Assessment・Preliminary Assessment・Final Assessment

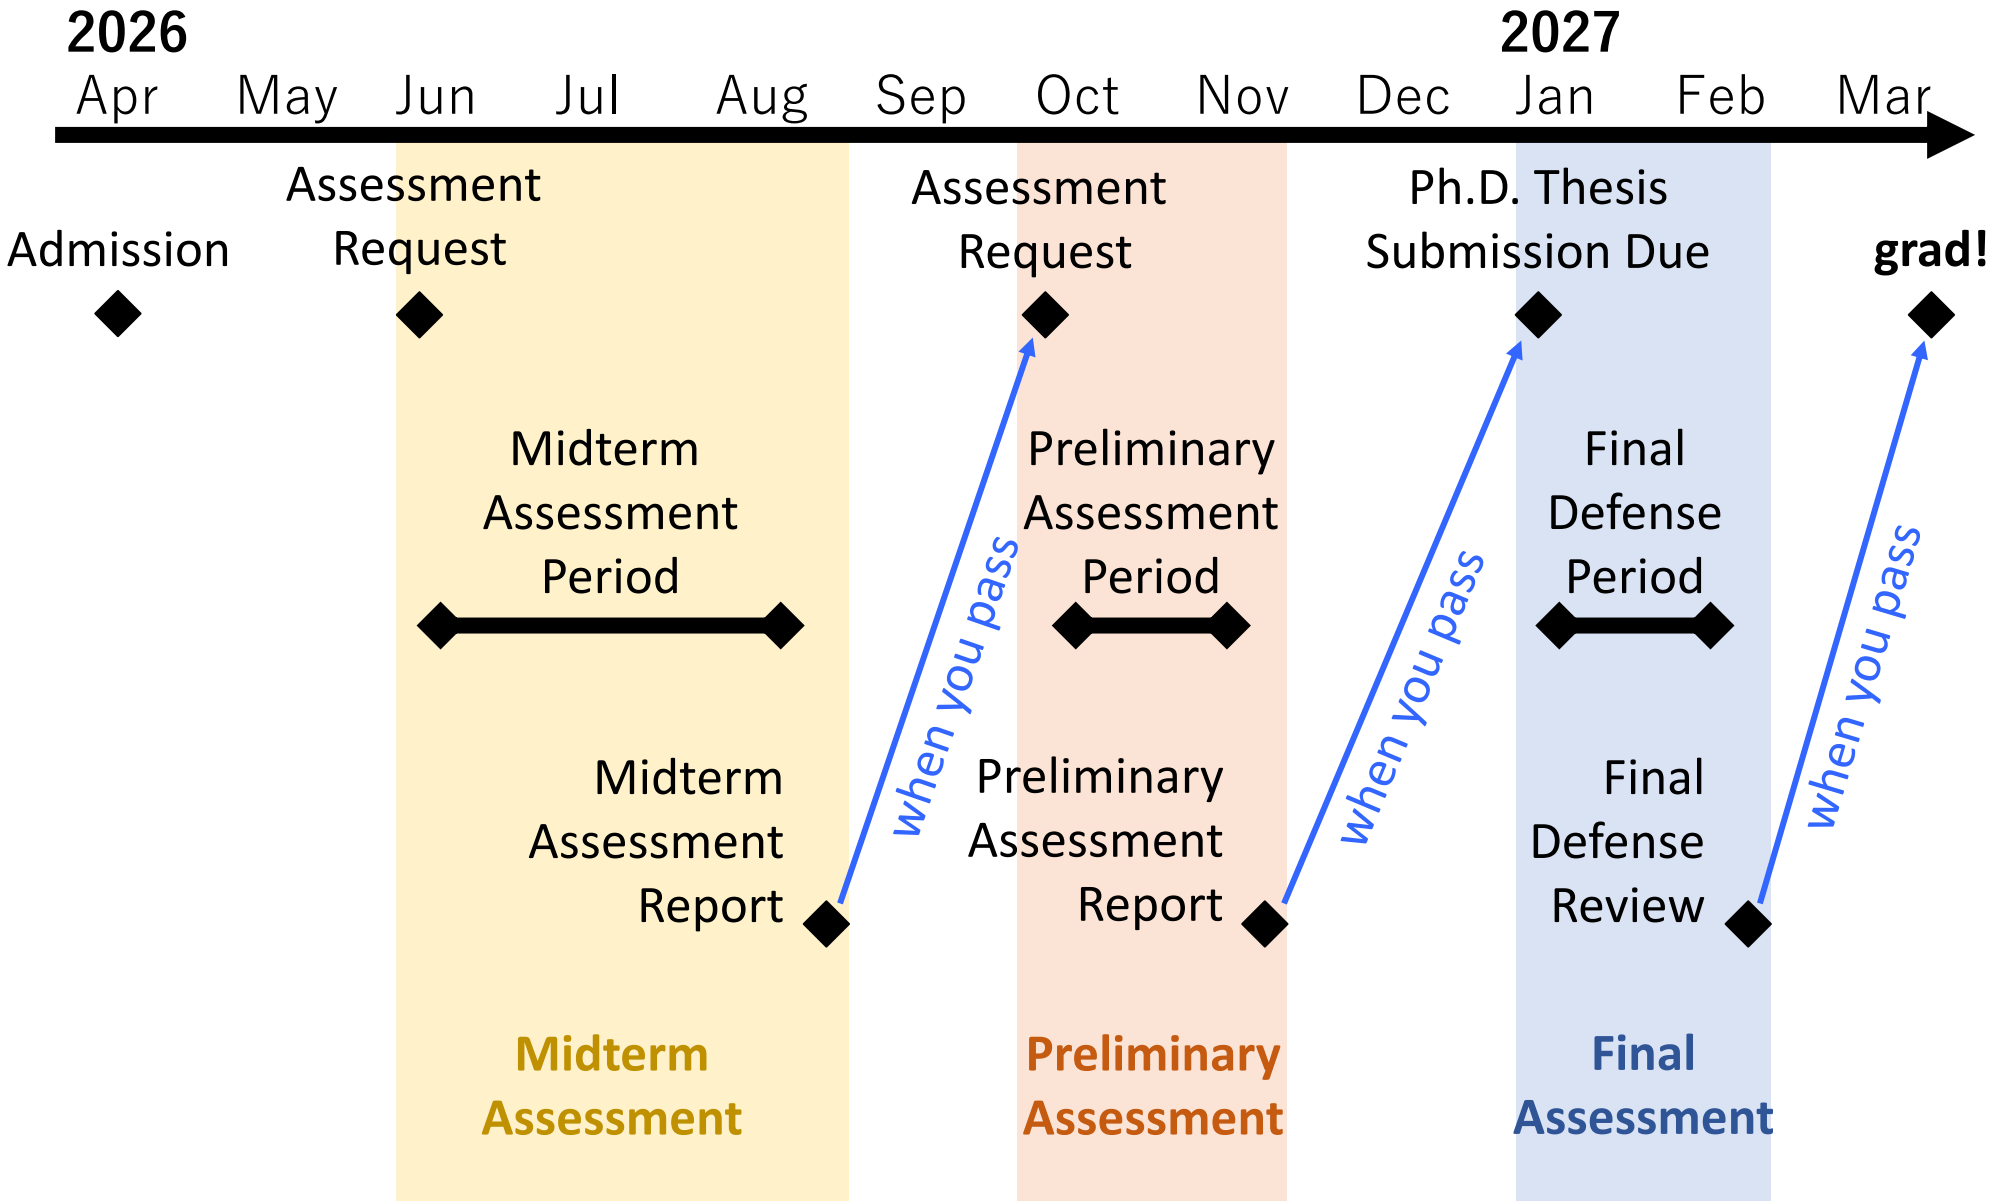
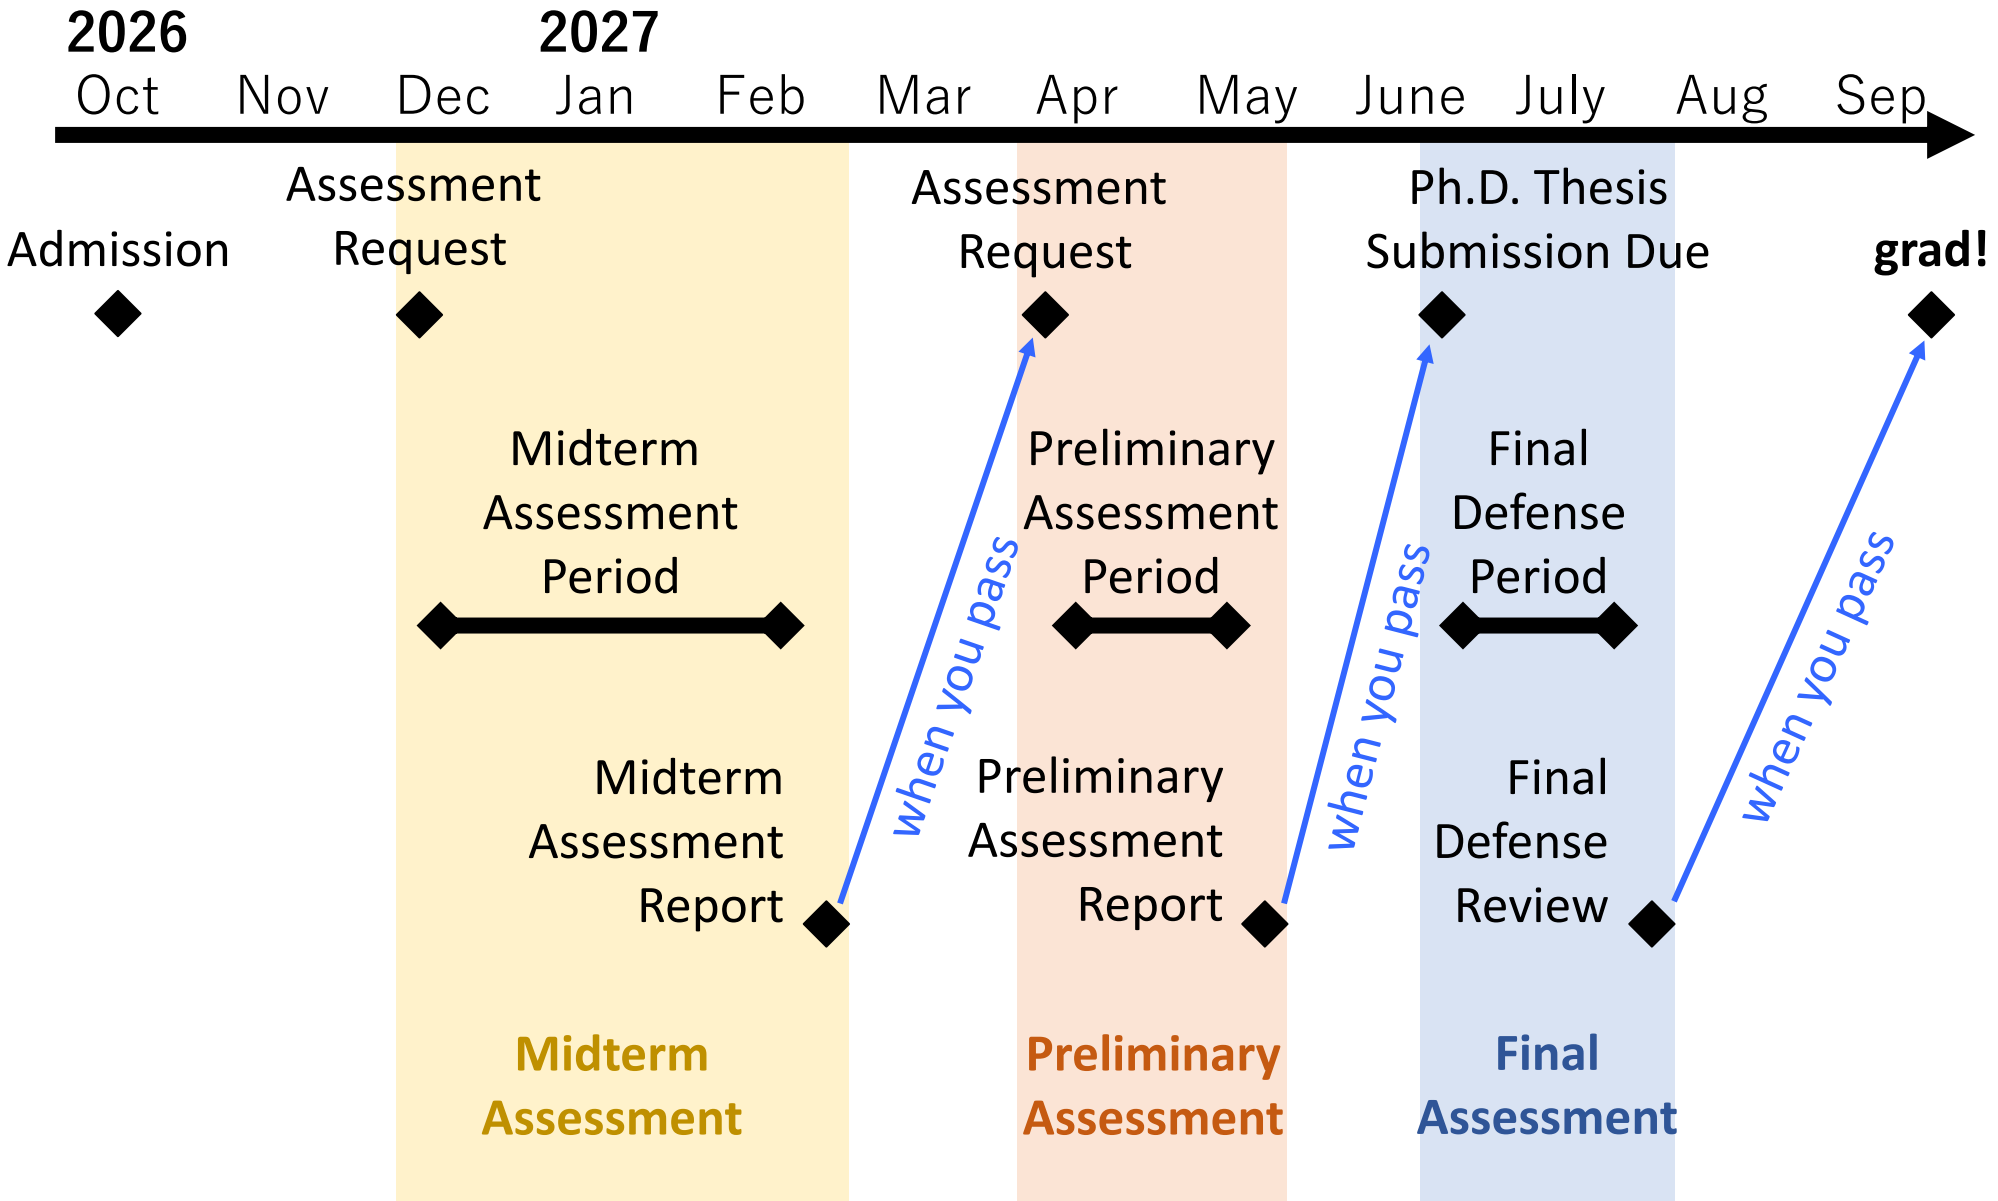
スケジュール（2027年3月修了）
Schedule (Grad. in March 2027)



スケジュール（2027年9月修了）
Schedule (Grad. in September 2027)



中間審査
Midterm Assessment

- ✓ 「達成度自己点検シート（中間審査時）」を事前に提出し，その内容を審査（入学時審査と同様）
  Submit the achievement self-check sheet (for the midterm assessment) in advance,
  and have its content reviewed (similar to the enrollment assessment)
- ✓ 研究および論文執筆の進捗状況などを，指導教員を含む中間審査委員（３名以上）に対して説明，その後の進め方について指導を受ける
  Have a talk and explain the progress of your research and thesis writing to the midterm assessment committee, which is composed of your supervisor and 2 or more professors
  After the interview, you will receive guidance on how to proceed your project
  - ✓ 説明内容については指導教員と相談する必要
    It is necessary to consult with the supervisor about the content of the explanation

予備審査
Preliminary Assessment

- ✓ 提出書類 / Submission documents
  - ✓ 「達成度自己点検シート（予備審査時）」
    Achievement level self-assessment sheet (for the preliminary assessment)
  - ✓ 早期修了（大学院学則第44条第2項適用）の資格審査願，個人調書等，
    研究業績目録，成績証明書（成績の出ている既履修単位のある人のみ）
    Request for the eligibility assessment for early completion (Article 44, Paragraph 2 of the graduate school regulations is applied), individual record etc., research achievement list, transcript (only for those who have already earned credits with recorded grades)
  - ✓ 論文概要（A4 5～10頁），公表論文リスト，公表論文別刷または複製（5編以内）
    →　事前に主査と副査に届ける
    Abstract of thesis (5-10 pages on A4 paper), list of published articles, offprint or copies of published papers (up to 5)
    Before your assessment, you have to deliver them to the chair and committee members in advance

予備審査
Preliminary Assessment

- ✓ 「達成度自己点検シート（予備審査時）」
  Achievement level self-assessment sheet (for the preliminary assessment)
  - ✓ 全項目がA（博士の学位にふさわしいレベル）であること
    Every item is rated as A, which indicates a level suitable for a doctoral degree
- ✓ 早期修了適用資格審査
  Early Graduation Eligibility Review by your submitted documents
- ✓ 学位論文の予備審査
  Preliminary assessment of your PhD thesis and final defense
  - ✓ 審査委員会は５名以上の教員より構成
    The assessment committee, which is composed of 5 or more professors

- ✓ 全てに合格すると学位論文に着手することが認められる
  Upon passing all requirements, you will be granted permission to begin working on your doctoral dissertation.

最終提出
Final Submission

- ✓ 提出書類 / Submission documents
  - ✓ 学位論文 / Ph.D. Thesis
  - ✓ 学位審査願，論文概要，論文目録，履歴書
    Assessment application, Abstract of thesis, List of published articles, Resume
  - ✓ 論文公正に関する確認書（iThenticate） / Confirmation Document on Thesis Fairness
  - ✓ インターネット公表に関する申出書 / Statement Regarding Internet Publication
- ✓ 提出場所と締切 / Submission location and period
  - ✓ 提出場所 / Submission location：manaba
  - ✓ 提出締切 / Submission period：Jan., 2026 (Grad. in March 2026)
    - ✓ 提出期間内なら何回でも提出可能
      Submissions can be made as many times as desired within the submission period.

- ✓ 遅れた場合の特別措置は存在しません
  There are no special measures in place for late submissions

最終試験・公開発表
Final Examination and Presentation

- ✓ 学位論文，論文概要（A4 5～10頁），公表論文リスト，公表論文別刷または複製（5編以内）
  → 事前に主査と副査に届ける
  PhD Thesis, List of changes (if you have), Abstract of thesis (5-10 pages on A4 paper), list of published articles, offprint or copies of published papers (up to 5)
  Before your assessment, you have to deliver them to the chair and committee members in advance

- ✓ 最終審査 / Final examination
  - ✓ 学位論文審査のこと / PhD thesis review
- ✓ 学位論文の公開発表 / Presentation
  - ✓ 学位論文発表のこと / Final defense with interview

スチューデントポートフォリオと学習記録
Student Portfolio and Records

こちらも参照して下さい：https://www.sie.tsukuba.ac.jp/souki
Please refer to https://www.sie.tsukuba.ac.jp/eng/souki

スチューデントポートフォリオと学修記録の作成のお願い
Request for Creating a Student Portfolio and Research Record

- ✓ スチューデントポートフォリオ / Student portfolio
  - ✓ 指導教員などから受けた指導内容や，その指導にどのように対応したかをまとめたもの
    Summary of the guidance received from your supervisor and
    how you responded to the guidance
- ✓ 学修記録 / Research record
  - ✓ 在学中に作成した資料など / Research materials created during the course of study

- ✓ 2021年度から提出不要に
  ただし，求められた際に提示できるよう準備
  From the FY2021, submission of this document is no longer required
  However, please be prepared to promptly present it if requested

- ✓ ご質問等：manaba 掲示板 or 早期修了P実施委員会宛（souki@cs.tsukuba.ac.jp）まで
